

VANCE AIR FORCE BASE ENVIRONMENTAL COMMITMENT STATEMENT

CLARK J. QUINN, Colonel, USAF
Commander

VAFB is committed to adhering to high standards of environmental quality, to principles of sustainable development and to providing a workplace that protects the health and safety of our employees and the communities surrounding our base.

To carry out these commitments in a technically sound and cost effective manner, it is the goal of VAFB to:

- Conduct environmental, transportation and energy-related activities in support of the VAFB mission in a legally compliant, environmentally, economically and fiscally sound, continuously improving, efficient and sustainable manner.
- Design, construct and operate base facilities using practices that comply with the Guiding Principles for Federal Leadership in High Performance and Sustainable Buildings.
- Ensure cost-effective pollution prevention, waste minimization, recycling, water and energy conservation programs are implemented and maintained.
- Implement programs for self-monitoring, assessing and reporting to ensure compliance and continual improvement in the pursuit of our environment goals.
- Ensure through management support and education that employees and contractors at VAFB understand their obligations and responsibilities required by the Environmental Management System.
- Establish objectives with measurable targets for improved environmental performance that are approved and monitored by the Energy, Environment, Safety and Occupational Health Council.
