## Vance Air Force Base

Vance Air Force Base is responsible for training Air Force and allied student pilots for worldwide deployment and Aerospace Expeditionary Force support. The wing reports to 19th Air Force, which falls under the Air Education and Training Command. The base is named after Lt. Col. Leon R. Vance, a local World War II hero and Medal of

Honor  
recipient.  
Originally a  
flight school  
that trained  
more than  
9,000 pilots for  
the Army Air

Corps between 1941 and 1945, the base was activated Jan. 13, 1948, within the Air Training Command of the newly formed Air Force. Vance was the first base in AETC to have extensive civilian contractor support for base functions ranging from aircraft maintenance to fire department to child care services. The support contract began in 1960 with Serv-Air.

\*This is measured by estimating the number of indirect jobs created from the personnel assigned to the installation, and multiplying that by the estimated average salary in the local area.

\*Multipliers were developed based on the size of the employment base for each region surrounding an installation and the general mission of the base/installation/activity.

\*\*The average annual salary is based on the information provided by United States Department of Labor for the local area.
